## Ethics Policy

Issue: A2

Date: November 2018

## Ethics Policy

These are our guiding ethical principles that Microtech Electronics strive towards

- Honesty and integrity within all of the company's relationships and workplace activities.
- Treat everyone equally with mutual respect regardless of race, gender, age, religion, disability .
- Respect the individual's cultural difference.
- Open door policy to all staff to avoid conflicts and grievances.
- Conduct at all times with professional competence, impartiality and fairness.
- We prohibit the use of Child Labour , including the exploitation of workers, the use of forced and compulsory labour, and human trafficking within our work place.
- Committed to the implementation of an Environmental Management System (EMS) designed to reduce or eliminate its impact on the environment.

Signed:

Simon Thomson : Managing Director
